Notre Dame Academy

FINANCIAL AID GUIDE

Notre Dame Academy offers need-based financial assistance to qualifying families to help make a Notre Dame Academy education accessible to as many students as possible. Financial aid is awarded on a first-come, first-served basis.

Financial aid provides a reduction in tuition for qualifying families with students in Pre-K through 12th grade. Please note that full-ride scholarships are not available. Financial aid is intended to help with tuition costs and does not cover the full cost of tuition.

Financial aid is awarded annually, and families must reapply each year. Award amounts may vary based on changes in a family's financial circumstances.

A separate financial aid application and supporting documentation are required.
Admissions decisions are made independently of financial aid decisions.

FINANCIAL AID PROCESS

Complete Admissions Application

- Families interested in financial aid are encouraged to apply when submitting their admissions application.
- We will only consider aid awards for families who have completed the financial aid application and been accepted for admission.

Complete FACTS Aid Application

- Notre Dame Academy uses FACTS to process both admissions and financial aid applications in two separate applications.
- Only ONE financial aid application is required per family, not per student.
- Complete the application at your own pace, as it is self-guided. Families may save their progress, exit the application, and return at a later time to complete it.
- For technical support questions, please contact FACTS Parent Customer Service at (866)315-9262.

Pay the FACTS Financial Aid Application Fee

- FACTS charges a fee to submit the financial aid application. Only paid and submitted complete applications will be reviewed. The current application fee is $45.

Submit Required Documentation

- When completing the online application, families must upload all required financial documentation, including applicable W-2 forms and federal tax returns.
- Applications will only be considered complete after all documents have been submitted.

Application Verification & Award Decisions

Financial aid awards will only be issued after all required information and documentation have been received and the application has been verified by FACTS.

Because financial aid is limited and awarded on a first-come, first-served basis, families are encouraged to complete the application and submit all required documentation as early as possible.
